

Data Journal

During the next several days, take note of situations when you "generate data". We're looking for specific moments when some activity you perform can be observed, recorded and, possibly, combined with similar data from others. Ideally you will carry this paper with you and take notes over the course of your day. To start you off, think about what happens when you ride the bus or make a telephone call or browse a web site!

Time	Describe substance did to conserts date				
Tillie	Describe what you did to generate data
